Return to School During COVID-19

TODAY'S DISCUSSION

- COVID-19 Impact on Schools
- Approach
- Largest Obstacles
- Precautions
- Future Outcomes

Approach

- Thought about how to take care of people first
- Communication to staff and parents
- Make plans for the year

Approach

- **Collaborate with administrative team to create plan**
- **Helping parents adjust to having students at home**
- **Scaling down asks of teachers**

Approach

- Created as much normalcy as possible
- Weekly video casts for parents to talk about plans
- Survey to parents in June
- 20% (1400 students) chose virtual only

Largest Obstacles

- Prepping for medical needs
- Creating a process for virtual learning
- Learning adjustments for students

Precautions

- **Barriers in classroom**
- **Cleaning supplies**
- **Lower capacity**
- **Testing and quarantining**
- **4 Habits 4 Health: check your fever, wear your mask, use proper hygiene, keep hands away from face**

Future Outcomes

- Brought awareness of cleaning practices and how schools ventilate buildings
- Brought attention to the importance of funding schools properly
- Classroom design changes
- Leveraging technology

Let's Talk More.
